

Handbook for Sisters on the Fly Adopt a Highway Campaign-using Wyoming as an example.

1. Search your State by typing in “Wyoming Highway Department”. My search result gave me [Wyoming Department of Transportation - WYDOT, www.dot.state.wy.us](http://www.dot.state.wy.us)
2. Click on your State highway department. Do a search for Adopt a Highway. When I did so I got a complete description of the project, the regions available and contact information. You can see that here:
http://www.dot.state.wy.us/home/engineering_technical_programs/field_operations/state_maintenance_office/adopt_a_highway_1.html
3. Choose the region you want to adopt to clean and contact the appropriate person to get started. I went for a drive after talking with my contact. He let me know what was available and I went and found just the right spot!
4. Go to our website and list your event. I personally sent an email to each active Sister in Wyoming and Montana. I had 4 Sisters participate with only one local Sister doing so. I also had three misters participate, including my own.
5. Let your area coordinator know of the date you plan to clean so they can have the appropriate supplies in hand for your event.
6. It took us 3.5 hours to clean 4 miles with many, many bags of trash and some treasures!
7. Now, get out there and do this....a great community service project and an even better way to be in the great outdoors while making your state beautiful.
